"Using Good Judgment to Avoid Bad Judgment"

Matthew 7:1-5 **Reflection Questions**

1) Discus the distinction between judgment in the sense of discerning so as to make good decisions and judgment in the send of condemning another persons behavior or life.

2) The 10th C. Abbott Moses declared, "*They who are conscious of their own sins have no eyes for the sins of their neighbors*." How true do you find this in your own experience?

3) What are some "logs" God has helped you remove from your eye in the past? What log is He presently working on?

4) With regard to severity and mercy, this passage admonishes us that in life (and on Judgment Day) "the measure we give will be the measure we get." What steps are you taking to develop in your heart and behavior an approach of greater mercy and grace to others?
